Sir:

Applicant, through the undersigned attorney of record, hereby petitions that the present application be made special on the basis of actual infringement.

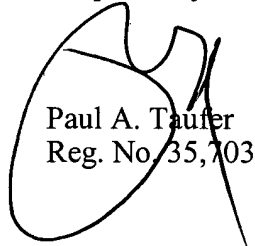

In support of this petition, enclosed is the petition fee of \$130 under 37 C.F.R. §1.17(i) together with the following statement alleging:

1. There is an infringing system actually on the market and method in use.
2. A rigid comparison of the alleged infringing system and method against the claims of the present application has been made, and in our opinion, some of the claims are unquestionably infringed.
3. Applicant has a good knowledge of the pertinent prior art.
4. An Information Disclosure Statement was filed on November 17, 2003 in which all potentially relevant prior art in which Applicant is aware was disclosed to the U.S. Patent Office.

In view of that set forth above, applicant respectfully solicits favorable consideration and grant of this petition, so that examination of the present application can be expedited.

No additional fees are believed to be required in this case. The Commissioner is hereby authorized to charge any fees which may be required, or credit any overpayment to Deposit Account No. 50-2719.
